

Atlanta Public Schools: 2011 Capacity Study and Facilities Plan: Comment Form on Proposed Options

To enable us to identify the school(s) to which your comments apply, you must first identify the elementary attendance zone where you live or the school which you are most interested in (only one school per form). Fully shade the circles that match your answer and enter your written comments inside the boxes provided, as text appearing outside of the boxes might not be read. Turn in your completed form at the end of this meeting or if you prefer, return it to your local school or mail it to the address at the bottom of the form.

If you prefer to submit your comments on line, visit the APS web site www.atlanta.k12.ga.us. Click the "Demographic Study" link on the home page and look for the "Community Meeting Comment Form" link to fill out the on-line version. Access to tonight's presentation, the maps and this form are available on the Demographic Study web page. Whichever method you choose, **we need your response by no later than Friday, February 24 to ensure that your input is recorded. Thank you for your participation and interest in the Atlanta Public Schools.**

NOTE: Responses submitted on copies of this form cannot be tabulated IF printed on colored/shaded paper, if the form is tilted, not properly centered on the page or the bar code is distorted. Comments submitted on unreadable forms will be discarded

1. In the section below, fill in the school attendance zone where you live or the zone which is most relevant to the elementary, middle and high school Options you are commenting on. To comment on options impacting other attendance zones, you will need to obtain and fill out a separate comment form for each school.
